

Smart Grip

Wireless Charging Mount

3 Ways to Mount: Dash | Windshield | Vent

Experience advanced Smart Grip technology, combining auto-adjusting mounting and high-speed charging for safer driving! No need to remove your phone from its case, the mount's ultra-wide grip adjusts for the perfect secure hold, even on larger phones! Just placing your phone on the mount signals the arms to automatically open then close, and Qi technology begins fast charging your phone on contact. With an incredible 15W wireless output, the mount delivers 3X the power of a standard charger for high-speed charging! Get the most out of your charge with the included premium accessories, a dual USB fast car charger and USB-C charging cable. Smartphones require a Smart Grip!
