

Alloy

Magnetic Wireless Charger

The Alloy charger makes fast wireless charging a snap! Perfectly aligned magnets effortlessly attach to the back of your iPhone 14 or Magsafe case and deliver up to 15W of wireless power. Engineered to get your device back to full faster than ever with 3X the power of standard wireless and wired chargers! Powerful and secure magnets keep the charger in place, allowing for continued phone use as you charge. With an Adaptive Power Output, other wireless charging compatible phones do not get the magnetic experience, but will still receive the fastest charging rates possible! No need to remove your case, as the wireless charger is able to charge through cases up to 3mm thick. Featuring an ultra-slim profile, aircraft-grade aluminum housing, and a rubberized anti-slip finish for the most stylish and secure charge.
