

NXT-700 *Xtreme* Noise Cancelling Wireless Headset

Noisehush® Technology
Eliminates **97%** of Background Noise

Made for life on the road and engineered for crystal clear call and audio quality. The NXT-700 Xtreme's advanced digital sound processor, enhanced with patented Noisehush technology, eliminates 97% of unwanted background noises, like wind or the hum of your engine. Built tough to handle calls and heavy-duty listening during your long treks with a comfortable, lightweight design and all-day talk time. No matter how loud your drive gets, when driving professionals demand the best, Naztech delivers.
