

5,000mAh

Magnetic Wireless Power Bank

Don't let a low battery interrupt your flow while on the go! Just snap the Magnetic Wireless Power Bank onto the back of your iPhone 13 or MagSafe case and take hold of the latest high-speed charging technologies. With precise magnetic alignment, the power bank stays locked in place, so there is no need to readjust as you charge. Experience 3X the power of standard wireless and wired chargers in 15W of immediate wireless fast charging or plug into the powerful dual outputs—20W USB-C Power Delivery and 18W Fast Charge USB. The ultra-slim and lightweight design makes for the perfect fit that won't block your camera or add extra bulk to your phone for easy attach-and-go convenience. The built-in 360° ring holder kickstand provides an extra grip or can prop up your phone for streaming, scrolling, or making content on the go. Snap and go wireless charging!
