

Universal Magnetic Phone Mount

# MagBuddy® *Round Plates*

Get your device magnetic mount-ready! The MagBuddy® Round Plates make your PopSockets® compatible with MagBuddy® Magnetic Mounts. With easy installation, just peel the backing off from the adhesive and stick the plate to either the back or inside of your PopSockets PopGrip®. No PopSockets®? No problem! The plates can also be applied to your phone case, behind your phone case, or directly to your device. This ultra-thin plate provides the safest and most secure mounting experience available!
