SpeedMax68
68W PD GaN Fast Wall Charger

PD Power Delivery
Up to 4X Faster!

Experience GaN (gallium nitride) technology. The SpeedMax68 can power your laptop, tablet, and phone 100X faster standard than chargers with outdated silicone semiconductors; all while operating with incredibly low heat. Equipped with the latest fast charging technologies in incredibly powerful dual outputs— 60W USB-C PD and 18W USB Fast Charge— for the fastest possible charger for all devices. Up to 4X faster charging than standard chargers, the powerful SpeedMax68 can power a Macbook Pro from 0 to 50% in an hour and an iPhone 13 in just 30 minutes! Say goodbye to bulky chargers that barely fit into your outlet, the sleek and compact charger is designed with a low profile and half the size of standard chargers. Small size meets big power!
