

POWERBOLT

10,000 mAh

Wireless Power Bank with Lightning® Connector Input

Made for
 iPhone | iPad | iPod

Charge and recharge all your Lightning devices with the same cable! The PowerBolt Power Bank recharges through a built-in MFi certified Lightning® connector input, allowing you to use the same cable as your iPhone, iPad, or AirPods to charge the power bank. With a high-capacity 10,000mAh battery, enjoy 3 full phone charges and up to 52 hours of extra talk time on the go – or charge 3 power-hungry devices at once with dual 20W USB-C PD and 18W Fast Charge outputs and an integrated 10W wireless charging pad. Thanks to its small, thin, and lightweight design, this versatile portable power solution offers unrivaled charging choice. Wherever you go, however you charge – charge with PowerBolt.

PD Power Delivery
 Up to **3X** Faster!
