

Cup Holder Flex

Phone Mount

Expansive viewing with flexibility. The Cup Holder Flex phone mount has everything you need for the safest and most secure hands-free mounting experience, even on the bumpiest roads! The mount's base expands to fit cup holders of any size, while the universal phone cradle and flexible 9.5-inch gooseneck let you rotate, tilt or bend to find your perfect viewing angle. Easily make adjustments for full-screen visibility so navigation, music and call controls are conveniently at your fingertips and glanceable while you're on the road. Safe hands-free driving
