

ClipGrip

Flexible Phone Mount

Clip-on and give your hands a break! The ClipGrip Phone Mount lets you relax with flexibility and the perfect hands-free view anywhere. The mount's universal phone cradle safely secures the largest phones and bulkiest cases with adjustable grips and conveniently rotates a full 360° for portrait or landscape viewing. Using the wide clip base, easily clamp onto any desk, table, counter, or bed frame to keep your hands free and your notifications, messages, emails, and videos at a convenient and glanceable level while you work or move around. Get maximum protection for your devices and surfaces from the anti-slip rubber padding in the cradle and foam lining on the mounting clip. Easily bend and shape to find the best height or viewing position with an extra-long 22-inch flexible gooseneck. Get comfortable hands-free viewing with the ClipGrip!
