

HYPERGEAR

Chromium

Wireless Gaming Mouse

Play with unmatched precision and speed! Chromium provides professional gaming-grade advantages for hyper-responsive control, cutting-edge wireless performance, and ergonomic comfortability during extended play sessions. A precision optical sensor ensures every movement is lag-free and grants the ultimate edge over your competition. Always get hyper-responsive control as an easy-access 3-level DPI switch adjusts up to 1,600 DPI, keeping your clicks and swipes lightning-quick. The 2.4Ghz wireless USB dongle makes for a seamless plug and play on any setup while maintaining consistent accuracy across all systems. Built for extended play sessions with an ergonomically engineered classic 6-button design and an anti-slip coating for the perfect in-hand fit. Chromium breathes color— cycling through 7 LED colors that adjust to match your play style, mood, or setup. Enjoy an incredibly long-lasting intelligent battery life with up to 15 days of playtime on a single charge. Gear up for the game.
