

HYPERNOVA

LED Strip Lights

Bring color and vibrance to any space with the HyperNova LED Strip Lights. Get control of 16 million colors, adjustable brightness settings, 200 lighting scene options, and timer presets right from your phone! Just scan the QR code on the box or download the DuoCo Strip app from your phone's app store to enjoy outstanding, customizable light settings. Experience a new way to listen to music as the strip lights feature a built-in microphone that dances along to and syncs to your music. Powered by a USB connector, unbox and plug into any power supply or USB port for instant lighting anywhere. Enjoy a quick and easy installation by simply peeling off the cover to the adhesive and sticking the lights anywhere for extra flair! Upgrade your space to colorful smart lightning!
