

MAGUP MagSafe® Magnetic Ring

MagUp-grade any wirelessly charging Android or iPhone to MagSafe compatibility. Magnetic ring charging takes the frustration out of wireless charging. No more worrying about placing your phone just right or accidentally bumping it off position — get the perfect alignment every single time, without even thinking about it. With the MagUp adapter ring centered directly onto your lightweight case, your phone is ready for the snap-on/snap-off satisfaction of magnetic wireless charging, magnetic ring mounting, and a whole world of swappable magnetic accessories.
