

SpeedBoost

25W USB-C PD & 12W USB Dual Output Car Charger

Boost your drive with Power Delivery and PPS efficient fast charging technology! The SpeedBoost Dual Output Car Charger guarantees a super-fast charge for your phone even while you fast charge another device at the same time, thanks to its dual independent output ports: a 25W USB-C Power Delivery port with PPS, and an additional high-speed 12W USB port. Enhanced with the most cutting-edge charging technologies, the USB-C PD port provides more than 4X the power of your car's built-in USB port, bringing the latest iPhone and Android phones from 0 to 50% in just 30 minutes — and with PPS support for compatible phones, the charger is able to make micro-adjustments throughout the entire charging cycle to boost its efficiency, charge your phone even faster, and protect your battery from harmful heat buildup. And with the universal 12W USB fast charging port, your devices and accessories and aren't PD-compatible will safely charge at their fastest speeds. Plug your power-hungry devices into the SpeedBoost Dual Output Car Charger and always arrive fully charged!
