

SpeedBoost

25W USB-C PD & 12W USB DUAL OUTPUT CAR KIT

37W

The SpeedBoost Dual Output Car Kit is a complete commuter charging solution that comes with a 25W USB-C & 12W USB dual output car charger and a 4ft USB-C to USB-C cable — the 2 things you need to give your Android phone a super-fast charge on the road. The 25W USB-C port is enhanced with the most cutting-edge Power Delivery fast charging technologies, bringing even the newest and biggest Android phones from 0 to 50% in just 30 minutes — and with PPS support for compatible phones, the charger is able to make micro-adjustments throughout the entire charging cycle that boost its efficiency, charge your phone even faster, and protect your battery from harmful heat buildup. The additional 12W USB port provides more than twice the charging speed of your car's built-in USB, and the two outputs don't split power between each other, so your phone gets a guaranteed super-fast charge even while you fast charge another device, accessory, or your passenger's phone. Boost your drive with Power Delivery and PPS efficient fast charge technology, and always arrive fully charged!

Features

- Made for USB-C Devices
- Fast Charge 2 Devices at Once
- Power Delivery + PPS Efficient Fast Charge Technology
- 37W Total Max Output
- 25W USB-C PD/PPS Output
- 12W USB Output
- Low-Profile Design
- LED Power Indicator
- Smart Chip Technology
- World-Class Safety Features
- USB-C to USB-C Cable
- Supports PD up to 60W
- Durable Strain Relief
- 5X Stronger Than Standard Cables

Specifications

- Input: DC 12V-24V
- Total Output: 37W Max
- USB-C PD/PPS Output: 5V/3A, 9V/2.22A, 12V/2.08A (25W Max)
- USB Output: 5V/2.4A (12W Max)
- 2.83 x 1.26 x 1.26 in | 0.7 oz
- Protection: Short Circuit/Overcharge
- Limited One-Year Warranty
