SpeedBoost

25W USB-C PD & 12W USB Dual Output Wall Charger

25W

Boost your drive with Power Delivery and PPS efficient fast charging technology! The SpeedBoost Dual Output Wall Charger showcases a 25W USB-C PD port with more than 4X the power of standard chargers, capable of super-fast charging the latest iPhone and Android phones from 0 to 50% in under 30 minutes — and with PPS support for compatible phones, the charger is able to make micro-adjustments throughout the entire super-fast charging cycle that boost its efficiency, charge your phone even faster, and protect your battery from harmful heat buildup. With the additional 12W high-speed USB port, you can fast charge all your daily tech accessories, too: power banks, smartwatches, wireless earbuds, and even video game controllers. Compatible with all charging cables that use USB-C and USB connectors, including special cables for smartwatches and MagSafe charging — upgrade to cutting-edge charging tech, and feel the speed of a SpeedBoost super-fast charge today!
