PPS
 SUPER FAST CHARGING

Boost your drive with Power Delivery and PPS efficient fast charging technology! The SpeedBoost Dual Output Wall Kit is a complete super-fast charging upgrade package. The charger showcases a 25W USB-C PD port with more than 4X the power of standard chargers, capable of taking the newest iPhones from 0 to 50% in just 30 minutes — and with built-in PPS support, compatible devices can make micro-adjustments throughout the entire super-fast charging cycle that boost its efficiency and protect your battery from harmful heat buildup. The included USB-C to Lightning cable is MFi Certified to guarantee safe power delivery to your iPhone or iPad, and the additional 12W USB port is compatible with all charging cables that use a USB connector, so you can power up your AirPods and Apple Watch, too. Upgrade to cutting-edge charging tech, and feel the speed of a SpeedBoost super-fast charge today!
