

HYPERGEAR

INTELLICAST ROAD

FM Transmitter Car Charger with 15W USB-C

Add Bluetooth functionality to any car! Just plug the IntelliCast Road into your car's power outlet, tune it to your FM radio, and start streaming your music and taking hands-free calls through your stereo system — all without breaking the bank. Combining the latest Bluetooth wireless technology and a noise-reducing microphone, you get seamless pairing, reliable connection strength, and voice quality so crystal-clear that you'll never have to repeat yourself to your voice assistant. Designed with oversized button controls and a large display for effortless use on busy roads, equipped with a trio of high-speed charging ports so both driver and passenger can fuel up fast, and kitted out with color-changing LED rim lighting to add some flair to your daily drive. Drive smarter, charge faster, and do it all in style with IntelliCast Road.
