

# HYPERBEAM

## LED WIRELESS SPEAKER

*Hyper up your music.* Featuring dual 52mm full-range drivers with a combined high-power output of 20W, the HyperBeam LED Wireless Speaker pumps out the kind of high-definition sound quality that your playlists deserve. Equipped with 6-mode multicolor LED lighting and a low-profile design, this soundbar-style speaker is right at home shining bright in your living room or sitting front-and-center below your computer monitor. Stream your music wirelessly via Bluetooth, or plug in to your computer directly with a 3.5mm aux cable and get cinema-level audio for movies, shows, and gaming. Pair 2 HyperBeams together for room-filling stereo sound – and with a built-in rechargeable battery, you can even take it with you on the go.
